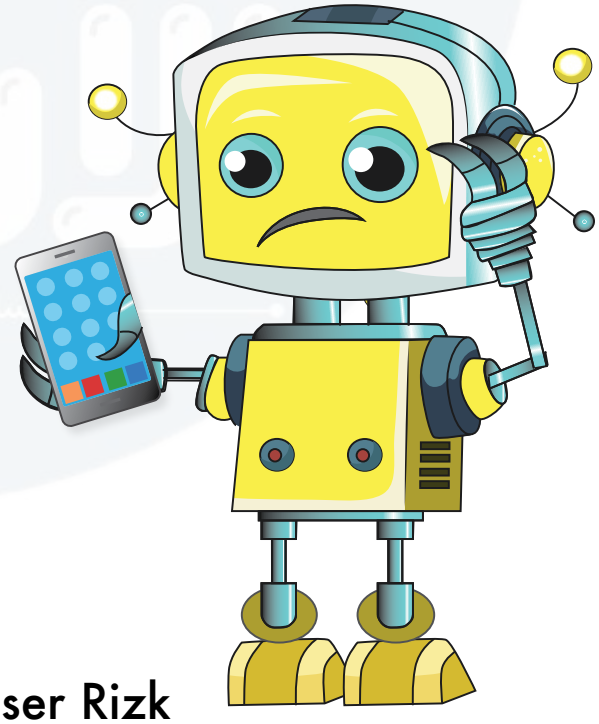
Final Revision

4th Primary

Second Term



Prepared by:

Ms. Suzy Atef Gamal Abdelnasser Rizk

final Revision

① Summary

Theme ③ Digital Citizenship

Lesson 1

» William Tyner is a:

① Cultural anthropologist. ② Technologist. ③ Filmmaker.

William Tyner

- Using technology in a positive way helps people become successful digital citizens.
- Digital communication is important to:

  [a] Exchange opinions. [b] Build good relationships.
- Travel becomes more convenient /easier by booking tickets online.
- Visiting historical and cultural sites easily by purchasing tickets online.
- The EKB website provides a wealth of information on different subjects.

Egyptian Knowledge Bank
بنك المعرفة المصري

Lesson 2

» **Digital Citizenship:** It is the ability to use digital technology ethically, responsibly, and safely.

» **Digital Footprint:** It is a record of what you do online.

» **Piracy:** It is the illegal circulation of content to be shared or sold to others.

Rights	Responsibilities
① No one can copy or share your digital footprint without your consent. ② Engage with others online. ③ Provide and access information and entertainment online. ④ Use the internet anytime.	① Never commit piracy for protected content. ② Show positive behavior online. ③ Evaluate what you're viewing or sharing. ④ Evaluate how you're using the internet.

How to be a good digital citizen?

1. Be ethical and responsible	2. Stay safe online
» Treat others online with respect. » Credit sources of information. » Respect intellectual property rights.	» Set strong passwords for your accounts. » Choose websites you visit wisely. » Use updated software. » Respect the law. » Monitor online screen time.

Lesson 4

Synchronous Communication	Asynchronous Communication
» It is exchanging information between people at the same time (simultaneously). » It occurs in real time. » It involves instant (immediate) response. EX 1 Video chats 2 Live television shows 2 Instant chat rooms	» It is exchanging information between people that does not necessarily at the same time. » It does not require an instant response. EX 1 Sending a file via email. 2 Recording educational programs.

1- Synchronous Communication

1. Video Chats:
   - They allow you to communicate live with one or more people.
2. Instant Messaging (IM):
   - It allows you to send messages using the internet.
   - Messages could include just text, or pictures, or videos..
3. Chat Rooms:
   - These allow you to communicate in a group that usually focuses on one particular subject.

2- Asynchronous Communication

1. Email:
   - It allows you to send and receive messages.
   - It is more formal than (IM).
2. Cell Phone Applications:
   - They run on your mobile device.
   - Some applications are pre-installed on your mobile device.
   - Others need to be downloaded.

Lesson 5

1. Making Video Chat:
   - To start a video chat, create a link and send it to the participants.
   - To join a video chat, click the link and wait to be "let in" by the person who started the video chat.
   - You can also mute your microphone or turn off your camera at any time.
   - If your camera is ON, anyone in video chat can see you.
   - Be properly dressed and behave as if in a public place.
2. Chat Rooms:
   - You can send messages and reply to others' messages.

- Be properly dressed and behave as if in a public place.
- Anyone who has access to the chat room will be able to read your messages.

❸ Instant Messaging:

- After typing your message, the last step is clicking on the "Send" icon.
- Instant messaging is a fun, casual (informal) way to communicate.

❹ Email:

- Email is commonly used in more formal situations, such as creating an account on the EKB.
- In the "To:" field, type the email address of your friend.
- In the "Subject" line provide clear information on the title of the email.
- Use greetings and endings.
- You can send an attachment, be sure it is safe and accurate.

Lesson 6

- Online learning environments, such as Edmodo.
- They allow teachers and students to communicate.
- Teachers can provide virtual lessons, quizzes, and homework.
- Students can message teachers and submit assignments online.

❶ Egyptian Knowledge Bank (EKB):

- It is the first online library in Egypt that contains a variety of resources.

Egyptian Knowledge Bank
بنك المعرفة المصري

❷ Vlaby:

- It is a virtual lab platform.
- It enables students and teachers to do lab experiments.

Vlaby
future scientists

3 National Geographic Kids:

- A popular online source for kids to find information on a variety of subjects, such as animals, science, history, and geography.

4 Mapmaker Interactive:

- A special interactive feature delivered by National Geographic.
- It provides online mapping tools for students and teachers.
- Mapmaker Interactive is one of the safest sites for research and data collection.

Lesson 7

» It's important to plan before conducting a digital search.

1 Choose your search topic.

2 Choose the types of online sources you will use.

3 Evaluate the selected sources.

a Reliable Sources:

- They are pieces of information written and verified by experts.
- The information that is presented in a professional fashion.
- They are well-written, without grammar or spelling mistakes.

b Unreliable Sources:

- The information that is presented in a professional fashion.
- They are information full of opinions, errors, and even lies, such as:
  1 Wiki pages
  2 Blogs
  3 Social media sites, such as Facebook
- Stay focused on the topic you're researching.
- Credit the sources in your report.
- Finally, write an outline that includes an introduction, supporting paragraphs, and a conclusion.

Theme 4 Software Projects

Lesson 2

» There are common steps that you can take to solve problems:

1. Construct a hypothesis:
   - A hypothesis is an educated guess about how things work.
   - Constructing a hypothesis is an attempt to answer your question with an explanation that can be tested.
2. Test your hypothesis:
   - Do not conduct any tests that are not safe!
3. Check if your test is successful or not:
   - Break down the complex problem into small sections, then solve it step-by-step.
   - If you have a group of people solving a problem, assign each person a section.

Lesson 3

Microsoft 365 includes different options, such as

PowerPoint

Word

Publisher®

1. A margin:
   - It is the space left around the edges of your poster or billboard.
   - A 25-mm margin will help design a good poster.

❷ Font size:

- If you choose a small font size, your audience will strain to read the information.
- If you choose a too-large font size, you'll have to limit the amount of information.

❸ Font type:

- Sometimes, simple fonts are better.
- A complicated or decorative font is distracting and hard to read.

❹ Colors:

- Choose no more than three colors, when designing a poster.
- Use bold colors for information you want to emphasize.

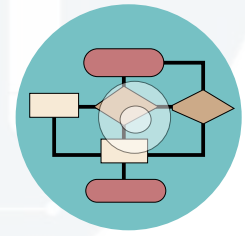
❺ Images:

- Use clear, good-quality, and appropriate images to the content you are sharing.

Lesson 5

» **Algorithm:** It's a series of steps that explain how to do a task.

- When you make a meal, you follow a recipe, that is a type of algorithm!
- When you type keywords, the search engine uses algorithms to provide results.
- Computers and applications use algorithms to perform specific tasks.



Lesson 6

» **Coding:** It's the writing of multiple algorithms to make a complete program.

- Online animations, movies, and online games are created using coding!

- Computers, like people, speak different languages.
- There are many websites, like Code.org, that can help you learn to code.
- You can create mazes on Code.org.

Lesson 7

- Microsoft Paint: It is a popular graphics editor that will help you create your own drawings or edit images on computers.
- To open Microsoft Paint, click on the Start-up Menu, then Accessories, then click on MS Paint.
- The top of the screen is like Word and Excel.
- Menu Bar: It includes options for opening, saving, and editing features.
- Toolbox: It includes tools that you need to make your drawing.
- You can cut a part of an image using the cropping tool.
- You can change the size or direction of the photo in MS paint.
- You can fill colors using the color options.
- Microsoft Word also offers graphic tools to create a graphic design.
- Click on the "Insert" menu bar to see the different options, such as: Shape, Icons, 3D Models and Smart Art.

Lesson 8

- You can use Microsoft PowerPoint to create presentations that include:
  1. Text
  2. Images
  3. Animations
  4. Special effects

- At the top of the PowerPoint screen, you will see a Menu Bar.
- Use this first slide to name the title and subtitle of your presentation.
- In the subtitle box, you can also include your name.
- A slide is a presentation page that contains text and images.
- On the left side of the screen, you will see a thumbnail or preview image of each slide you're creating.
- To choose the layout of each slide, click the "Layout '' icon on the "Home" menu.
- **Design:** It includes background colors.
- **Draw:** It includes drawing tools.
- **Transitions:** It includes visual effects to use between each slide.
- **Animations:** It includes animated effects for each slide.
- **Slide Show:** It makes you decide how you'd like to present and time each slide.
- You can view the presentation by clicking the "View Show" icon or the F5 key on the keyboard.
- Avoid wordy paragraphs or sentences.
- Be sure to use a font size and style that are readable.
- Use relevant images instead of text whenever possible.

Final Revision ② Model Exams

1 Choose the correct answer:

1. You can run your PowerPoint presentation through the ..... key from the keyboard.
   a. F3 b. F4 c. F5 d. F6
2. When you prepare a meal, you follow a recipe; this is considered a/an ..... .
   a. augmented reality b. algorithm
   c. digital blogging d. order
3. The ..... Program is one of the most famous programs in editing images.
   a. Paint b. Word c. Facebook d. Twitter
4. Margins, font size, type, colors, and images are digital concepts for..... .
   a. designing advertisements b. collecting data
   c. making videos d. all the previous answers
5. ..... is the ability to use digital technology ethically, responsibly, and safely.
   a. Digital technology b. Digital citizenship
   c. Digital footprint d. Digital piracy
6. The ..... Program is used to create presentations that include text and special effects.
   a. PowerPoint b. Word c. Facebook d. Twitter
7. All of the following are considered from the safe use of technology, except ..... .
   a. booking train tickets
   b. paying bills through the internet
   c. the Egyptian knowledge bank (EKB)
   d. sharing your personal information through social media

8 Use ..... images in the content you are sharing in the poster.
a. clear b. low-quality c. inappropriate d. irrelevant

9 To add a new slide in the presentation, press the Home tab, then ..... .
a. Insert b. New Slide c. Slide Show d. Edit

10 ..... is a fun and casual way to communicate.
a. Email b. Instant messaging
c. Data d. File

11 ..... is multiple algorithms used to make a complete program.
a. Algorithm b. Coding c. A recipe d. A guess

12 You can select and cut certain parts of the image in Paint using the ..... .
a. crop tool b. color fill tool
c. brush tool d. a & b

13 A/An ..... is a series of steps that explain how to do a task.
a. algorithm b. email c. problem d. file

14 Students must be encouraged to use technology in a/an ..... way.
a. few b. safe and easy
c. bad d. annoying

15 To add an image to the presentation, press the "....." tab.
a. Slide Show b. Transitions c. Insert d. File

16 Which of the following is one of the rights of digital citizenship?
a. Don't copy your digital footprint or share it with others.
b. Show positive behavior in your communication online.
c. Be sure to evaluate what you're viewing.
d. Be sure that the material you see is safe.

17 When you're on a video chat, make sure your ..... is/are turned on.
a. camera b. microphone
c. phone d. both a and b

18 A ..... is a presentation page that contains your text and images.
a. billboard b. slide c. sheet d. cell

19 Facebook, Wiki pages, and blogs are ..... sources.
a. reliable b. accurate c. unreliable d. trusted

20 The amount of empty space between the edges of a poster is called the ..... .
a. font b. margin
c. image options d. border

21 Which of the following is one of the responsibilities of digital citizenship?
a. You must never commit piracy with the safe contents or share them.
b. Use the internet whenever you need.
c. Share information while respecting intellectual property rights.
d. Engage with others online.

22 ..... before conducting a digital search is very important.
a. Sharing b. Planning c. Helping d. Researching

23 The ..... is a record of what you do online including the sites you visit.
a. digital footprint b. digital system
c. digital piracy d. digital citizenship

24 To start a/an ....., you must create a link and send it to the participants.
a. conversation b. chat room
c. video chat d. email

25 The ..... includes all tools that you will need to make your drawing.
a. Menu bar b. Color c. Toolbox d. Word

26 ..... should include an introduction that introduces the topic of the report.
a. Chat rooms b. Unreliable sources
c. Reliable sources d. An outline

27 You can create animations, movies, and games using ..... .
a. Excel b. coding c. Word d. Google

28 Using technology in a ..... way can help people become successful digital citizens.
a. positive b. harmful c. bad d. neutral

29 ..... is a virtual labs platform that enables students and teachers to do lab experiments in an interactive environment.

a. Egyptian Knowledge bank (EKB)
b. National Geographic Kids
c. Vlaby
d. Edmodo

30 The first step in problem solving is ..... .

a. hypothesis testing
b. asking your teacher
c. hypothesis building
d. none of the previous answers

31 In a poster or billboard, use ..... for the information you want to emphasize.

a. small font size
b. bold colors
c. tiny font
d. a & c

32 Traveling by trains and planes has become easier due to the possibility of booking tickets through ..... .

a. travel companies
b. the internet
c. booking offices
d. Facebook

33 ..... is Egypt's premiere online library of resources that include a variety of subjects.

a. Egyptian Knowledge Bank (EKB)
b. National Geographic Kids
c. Vlaby
d. Edmodo

34 You watched your teacher make sure that the keyboard cable is connected to the place designated for it; this means that he is taking the ..... step.

a. hypothesis building
b. hypothesis testing
c. digital footprint
d. a and b

35 ..... is/are articles or information written and verified by experts.

a. Reliable sources
b. Communication
c. Chat rooms
d. Video chats

36 To present your ideas in a way that is characterized by the effects of sound and movement, you need to use the ..... program.

a. MS Word b. Paint
c. PowerPoint d. MS Excel

37 Which of the following online learning resources would you recommend to your friend who wants to conduct an experiment to find out the boiling point of water?

a. Mapmaker Interactive b. Vlaby
c. EKB d. YouTube

38 ..... is an attempt to answer your question with an explanation that can be tested.

a. Hypothesis building b. Hypothesis testing
c. Solving problems d. None of the previous answers

39 When you conduct a digital search, your outline must include ..... .

a. unreliable information
b. an introduction to the research topic
c. details far from the research topic
d. all the previous answers

40 ..... may be full of personal opinions and even lies.

a. Reliable sources b. Unreliable sources
c. EKB d. Vlaby

41 ..... is one of the reliable digital learning resources via the internet.

a. The Egyptian Knowledge Bank b. WhatsApp
c. Facebook d. Blog

42 ..... is the most popular social media platform.

a. Wiki b. Facebook c. Google d. Email

43 Sources found through social media platforms ..... .

a. are reliable sources b. are unreliable sources
c. must be followed d. are important resources

44 Microsoft ..... is a popular graphics editor.

a. Word b. Excel c. Paint d. Facebook

45 A/An ..... is an educated guess about how things work.
a. algorithm b. maze c. hypothesis d. test

46 ..... are a set of arranged steps to solve a problem.
a. Search engines b. Algorithms
c. Keywords d. Sentences

47 ..... is an online learning environment that allows teachers and students to communicate.
a. Vlaby b. Edmodo c. Mapmaker d. Facebook

48 Using the ..... tab in PowerPoint, we can choose a visual effect to use between each slide.
a. Draw b. Slide Show
c. Transition d. Design

49 The top of the screen of Microsoft Paint is like ..... .
a. MS Word b. MS Excel c. Skype d. both a and b

50 You must encourage students to use technology in a/an ..... way.
a. few b. safe and easy
c. bad d. annoying

51 ..... is a form of simultaneous communication via the internet, which allows you to watch your friends in audio and video.
a. Instant messaging b. Email
c. Video chat d. SMS

52 To solve a specific problem, you must ..... the problem.
a. leave b. break down
c. prepare d. ignore

53 You can write the title of your message via email in the ''.....'' field.
a. Subject b. From c. To d. Body

54 To solve a problem that you and your team face, ...
a. assign each person a section of it
b. assign the problem to one of them
c. only you solve the problem
d. keep the problem without solving

55 To facilitate solving a big problem, ...
- a. break it down into smaller sections
- b. don't solve it
- c. don't assign the roles to your team members
- d. assign one solution

56 It is common to use ..... in more formal situations.
- a. emails
- b. instant messaging
- c. chat rooms
- d. SMS

57 Asynchronous communication does not require ..... .
- a. an instant response
- b. a web browser
- c. the internet
- d. none of the previous answers

58 When you create a poster or billboard, be sure to ..... .
- a. choose a small font size
- b. choose a complicated font size
- c. choose too big font size
- d. choose suitable font size and type

59 To use images in a billboard, they must be ..... .
- a. appropriate images and sizes
- b. unclear images
- c. very small images
- d. bad-quality images

60 You can type multiple algorithms to create a complete program by ..... .
- a. programming (coding)
- b. a screen
- c. a keyboard
- d. a mouse

61 The process of communicating at the same time is known as ..... .
- a. synchronous communication
- b. asynchronous communication
- c. paper communication
- d. email

62 To prepare a good presentation, you have to ..... .
- a. link the images in the presentation to the topic
- b. add untrusted opinions and information to the presentation
- c. add too many fonts and colors to the presentation
- d. use only one font

63 You should be careful when solving problems that may pose a risk to you during the ..... step.
a. hypothesis building b. hypothesis testing
c. data collection d. reporting

64 The ..... Program can recognize if the words are typed correctly or not.
a. Word b. Photoshop c. Excel d. Flash

65 The ..... tab includes animated effects for each slide.
a. Transition b. Animation c. Design d. Review

66 The last step for instant messaging is ..... .
a. writing the message b. pressing the "Send" icon
c. pressing the "Contact List" icon d. deleting the message

67 While operating the computer, I found that it was not responding, so I guessed that there was a malfunction in the power key. This guess is called a ..... .
a. hypothesis b. digital citizenship
c. digital footprint d. test

68 You should use the first slide to name the ..... of your presentation.
a. title b. subtitle c. both a & b d. conclusion

69 You can use the graphic tools in Word through the ..... menu.
a. File b. View c. Insert d. Home

70 Which of the following is considered an algorithm?
a. Walking in the park b. A recipe for making a cake
c. Eating breakfast d. None of the previous answers

71 ....., like people, speak different languages.
a. Cars b. Animals c. Rocks d. Computers

72 An algorithm is a/an ..... to do a task.
a. series of steps b. software c. application d. hardware

73 The first step an explorer takes is ..... the topic.
a. organizing b. analyzing
c. researching d. visualizing

74 If you add content very close to the edges, the poster or billboard will be ..... .

a. cramped
b. overwhelming
c. not appealing
d. all the previous answers

75 When designing a poster, sometimes, ... fonts are better.

a. decorative b. simple c. complicated d. a & c

76 ..... is/are breaking down problems into smaller sections and solving them.

a. Spam
b. Problem complication
c. Problem solving
d. a & b

77 ..... provides tools to help pupils in drawing maps online.

a. Vlaby
b. Mapmaker Interactive
c. Edmodo
d. EKB

78 ..... is a popular online resource that enables children to find information on a variety of topics, such as animals and science.

a. National Geographic Kids
b. Vlaby
c. EKB
d. All the previous answers

79 Anyone who has access to ..... can read your messages.

a. the video call
b. Google
c. the chat room
d. Paint

80 ..... allows you to communicate in groups and usually focuses on one topic.

a. An email
b. A chat room
c. IM
d. Paint

2 Put (✓) or (✗):

1 Nowadays there is a wealth of information in the EKB website. ( )

2 The first step in problem solving is hypothesis testing. ( )

3 You can book tickets to visit many historical and cultural sites through the internet. ( )

4 Microsoft Word doesn't have any graphic tools. ( )

5 You can pay for your bills, like water and electricity bills, using apps through the internet. ( )

6 You can choose the background colors for each slide under the Design options. ( )

7 Students must be encouraged to deal with technology in a safe and easy way. ( )

8 One of the things to consider when preparing a presentation is to avoid writing long paragraphs. ( )

9 You cannot book tickets for trains, buses, and planes through the internet. ( )

10 Microsoft Paint allows you to change the size or direction of a photo. ( )

11 Using technology in a positive way helps people become good digital citizens. ( )

12 The animations and movies you watch online are designed by Excel. ( )

13 Digital citizenship is the ability to use digital technology ethically, responsibly, and safely. ( )

14 You can create mazes or learn coding using Code.gov. ( )

15 The digital footprint is a record of what you do online. ( )

16 When you solve a problem in a math class, this is considered a type of an algorithm. ( )

17 Protecting yourself from piracy isn't considered important. ( )

18 Use clear, good quality, and appropriate images when creating a poster. ( )

19 You have the right to use the internet when you need or want while respecting the law. ( )

20 Using too many decorative fonts in your poster is not preferable. ( )

21 You must commit piracy with the protected content, share it, or sell it to others. ( )

22 To access Microsoft 365's bundle, you will need to have an updated digital device. ( )

23 You must credit the resources when sharing an entertainment online. ( )

24 Major problems must be analyzed and divided into smaller parts for easy solution. ( )

25 To join a conversation, you must click on the link provided and wait. ( )

26 In the hypothesis testing stage, a guess is made about how the problem occurred. ( )

27 You have to accept access from the one who started the meet. ( )

28 Online learning environments, like Edmodo, do not allow teachers and students to communicate. ( )

29 In your daily life, you do not face any problems when using ICT tools. ( )

30 The person in charge of the call can mute other people's microphones. ( )

31 Focus only on the topic you are researching. ( )

32 Online learning environments, like Edmodo, can provide virtual lessons. ( )

33 If your camera is on, anyone on the call will be able to see you. ( )

34 The Egyptian Knowledge Bank is considered one of the online learning environments. ( )

35 Planning before conducting a digital search will help you focus on the information you are trying to gather. ( )

36 Edmodo's digital learning environment allows teachers and students to communicate and learn online. ( )

37 During conducting a digital search, you must mention the source information in your notes to credit it. ( )

38 A digital search can include sources like audio, videos, and images. ( )

39 Reliable sources are articles or information written and verified by experts. ( )

40 The information used in digital researches must be reliable. ( )

41 Facebook, Wikis, and blogs are unreliable sources. ( )

42 Achieving digital citizenship entails a set of rights and duties. ( )

43 You must be careful when taking information through social media platforms. ( )
